- 13 7v7 Trick Plays Bunch Spread Shot Right**  
This play has everyone bunched up and then everyone spreads out. Make sure there is one second between the last person getting set and the snap. The strategy of this play is to make the defense confused and then over react and spread to far out leaving an open seam for the running back. The defense may also under react and leave the corner isolated making him choose between the wheel route and the hitch.
